Experience

Founder & Developer Dec 2021 – Present
CardsWithFriendsGame.com Remote, USA

- Engineered a Full-Stack, remote-friendly party game for friends, families, and teams.
- Mapped desired UX flow on Miro and mocked up custom logos and UI components using Canva.
- Developed a responsive React.js front-end composed of reusable Material UI and custom components.
- Created a seamless experience while connecting multiple clients to a server by pairing Express and Socket.io.
- Migrated to TypeScript to take advantage of the linting benefits and scalability potential.
- Configured managed services to host live app (AWS S3, CloudFront, EC2, Elastic IP, GoDaddy).
- Added a global button connected to MongoDB via Rest API route to collect feedback from any view.
- Leveraged session replay with FullStory to inform features and fixes making UI/UX more intuitive.

Accountant Dec 2020 – Present
Restaurant Growth Services, LLC Nashville, TN

- Maintained the ledger, managed financial communication, and provided analyses for a 250+ Restaurant group.
- Improved all Period-End Accrual processes by creating VBA scripts to verify, manipulate, and transform vendor-provided CSV data into audit-compliant, ready-to-load Journal Entries.
- Replaced 4-hour weekly Inventory Volatility Analysis with a 10-minute process by creating a VBA script to track and categorize new items then extract large fluctuations into an easy-to-read summary sheet.
- Replaced 1-hour weekly expense categorizing process which prompts the user to provide a category, verifies valid input, stores the input in a CSV database for the future, and creates a Journal Entry.
- Learned to use PowerShell scripts to combine CSV files and move documents via the command line.

Fine Dining Bartender & Server STK: Mar 2019 – June 2020 | Kayne Prime: Oct 2017 – Dec 2018
STK Steakhouse & Kayne Prime Nashville, TN

- Executed in fast-paced environments on cross-functional teams to provide a world-class customer experience.

Staff Accountant Oct 2015 – Oct 2017
Envision Healthcare (AMSURG) Nashville, TN

- Provided Full-Cycle accounting for 8 multiple ophthalmic surgery centers including.
- Managed all financial analysis, budgets, reconciliations, entries, accruals, and communication.
